OVERVIEW

The Clute Institute، established in 1985، hosts the International Academic Conference on Business (IACB) to promote excellence in academic research.

Please join us for the 2017 International Academic Conference on Business Stockholm. The aim of the conference is to provide an opportunity for researchers to present their ideas، proposals، or completed research in all areas of education. Since 30 to 50 different countries are typically represented، presenting at this conference is a great way to get feedback from researchers with a different perspective. An extensive list of acceptable topics is available on our website. A peer review is available upon request.

CONFERENCE VENUE

This year we are hosting the conference at the Scandic Continental – Stockholm. In addition to the International Academic Conference on Business، we are also hosting the International Conference on Education which will be held concurrently؛ one registration covering both.
