The 3th International Conference on Engineering Technology 2014
(ICET2014)
June 19-21، 2014، Jakarta، INDONESIA
http://tatiuc.edu.my/icet2013/IEIT/

Objective: The 3th annual International Conference on Engineering Technology (ICET2014)، sponsored by the Global Engineering Technology (GET)، will be held from June 19-21، 2014، in Jakarta، Indonesia. The conference theme is "Frontiers of Intelligent Innovation Science and Technology for a Better Vision of the Future". Participants are expected from universities، research institutes، industries، private and government organizations، and professional societies from various countries around the world. Accepted papers will be published in in the Australian Journal of Basic and Applied Science (SCOPUS Indexed).

Conference Tracks-Contribute of 5 main fields :
1) Manufacturing and Mechanical
2) Electrical Mechatronics and Robotics
3) Chemical and Polymer
4) Information Technology
5) Business and Enterpreneurship

But not only limited to :
Special Robotic Structures
Robot Applications Robot Sensors and Actuators
Robot Control
Autonomous Vehicles
Tele Robots
Environmental Technology and Management
Renewable Energy Clean Energy
Alternative Energy
Energy Conversion System
Fuel Cell
Moulds and Dies Manufacturing
Moulds and Dies Materials
Mould Flow
Sheet Metal Spring Back
Sheet Metal Forming
Software Maintenance
Software Management
Model Engineering
Software Architectures Design

Software Quality
Internet and Web Applications
E-commerce and E-governance

Importance Date
Call For Paper – 15 November 2013
Papers Submission Due Date – 15 February 2014
Notification of Papers Acceptance – 15 March 2014
Camera for Ready – 15 April 2014
Registration Due Date (Payment Due Date) – 1 May 2014
Conference Date – 19–21 June 2014
