

International Psychology Conference Dubai 2014

17th to 18th October 2014

Dubai, United Arab Emirates

IPCD is a one of the biggest professional development events for psychology and related fields in the region. It is the only event in the Gulf region to cover all areas of psychology and mix local networking with international knowledge sharing. The 2 days includes keynote talks, short papers, workshops and discussion forums all focused on the professional practice of psychology.

Key themes for 2014 are: Clinical psychology / Organisational psychology / Educational (Child) psychology. These are broadly defined and related fields are welcomed.

Please see the Call for Submissions on our website. International Keynote Speakers for all the main themes will be announced shortly.
