

ELECTROTECH '15 / III, International Electrical and Electronic Engineering and Technologies Conference

ELECTROTECH '15 / III, International Electrical and Electronic Engineering and Technologies Conference is going to be coordinated by DAKAM (Eastern Mediterranean Academic Research Center) and organized by BILSAS (Science Art Sport Productions). The conference will be held at Nippon Hotel/Taksim on October 1-3, 2015.
<http://www.electrotechconference.org/>

ELECTROTECH '15 aims to bring together researchers and scientists from academia and industry to focus on recent systems and techniques in the extensive world of electrical and electronic engineering. Innovation, progression, new resources and new applications, alternative solutions and researches are the most important focusing points about this area for the conference. We expect from the authors to contribute to the conference by submitting articles that research results, projects, surveying works and industrial experiences that describe significant advances in the areas which are mentioned in themes page, but are not limited with them.

AWARDS

The Best Papers will be awarded during the conference. The Best Paper Award will be announced at the closing session of the conferences. The award will be decided by the participants' votes only. All submitted papers are subject to double blind peer review. The full papers are going to be available online in DAKAM's digital library and to be published in the proceedings book with an ISBN number before the conference. The book will be sent to be reviewed for inclusion in the "Thomson and Reuters Web of Science's Conference Proceedings Citation Index" (CPCI) and Google Scholars. Selected papers presented at ELECTROTECH '15 are going to be published in Advances in Electrical and Electronic Engineering Journal and International Journal of Electronics, Mechanical and Mechatronics Engineering.
