

2017 International Conference on Education Stockholm

June 4–8, 2017

Stockholm, Sweden

Submission Deadline: May 5, 2017 (Miss a deadline? Contact our office.)

OVERVIEW

The Clute Institute, established in 1985, hosts the International Conference on Education (ICE) to promote excellence in academic research.

Please join us for the 2017 International Conference on Education Stockholm. The aim of the conference is to provide an opportunity for researchers to present their ideas, proposals, or completed research in all areas of education to an international audience. Since 30 to 50 different countries are typically represented, presenting at this conference is a great way to get feedback from researchers with a different perspective. An extensive list of acceptable topics is available on our website. Bind peer reviews are available upon request.

CONFERENCE VENUE

This year we are hosting the conference at the Scandic Continental – Stockholm. In addition to the International Conference on Education, we are also hosting an International Academic Conference on Business which will be held concurrently; one registration covering both.
