

2016 International Conference on Engineering, Technology, and Applied Science
20th to 22nd April 2016
Taipei, Taiwan

The ICETA 2016 aims to cover a wide range of fields in and across engineering, technology, and applied science. The conference will enable interdisciplinary collaboration between the academic and industrial fields.

During the conference, attendees will find various activities useful in seeking collaboration opportunities. All submissions to the conference will go through anonymously review processes by at least two independent peers. Selected papers will be recommended for the fast track reviews by the sponsored journals.
