2022 Open Distance and eLearning Conference Virtual Conference
Pre-conference workshops: 2 August
Conference: 3-5 August
Online، South Africa

https://www.unisa.ac.za/2022OdelConference

Invitation

All Things Research in ODeL!

Whether you are an established ODeL researcher or a newcomer to the field، Unisa's 2022 ODeL Virtual Conference، from 3 to 5 August with the theme "All Things Research in ODeL"، has something for you!

Be part of the debate and share practical and sustainable solutions for research in ODeL، during the pre-conference workshops، an ODeL Postgraduate Consortium، plenary panel sessions، and paper streams which address the theme and various subthemes.

The Unisa e-conference is an opportunity not to be missed! While the conference itself is free-of-charge، it is essential to register for the conference to get the session links، but if you are busy with a paper or would like to share your research in a workshop، it is not too late – the deadline is 15 July 2022 for both proposal options and can be extended by special agreement with the conference organisers. You'll find all the submission requirements on the website!

Debate ODeL with keynote speakers from Canada and Germany and panellists from India، USA، eSwatini، Tanzania، Zimbabwe، South Africa، and Russia.

Topics include: All Things Research in Open Distance and eLearning؛ Researching Community of Inquiry Design in Open، Digital، and Distance Education؛ Systematic Reviews in Open، Distance، and Digital Education Research؛ Emerging Research Approaches in ODeL؛ Balancing Cost، Quality and Access – Time to Revisit the Iron Triangle؛ and Professional Research Development in ODeL.

Here is your invitation to be part of the debate about research in open distance learning and elearning!
