

The University of Zadar (Croatia) and E-Club (Croatia) invite you to the international scientific conference

Global Advances in Management and Economics (GAME) 2023,
(HYBRID with both in-person and online paper presentation)
<https://gameconference.io/> Web:

which will be held on 16 – 17 June 2023 in Zadar, Croatia.

The GAME Conference aims to establish and expand international contacts and cooperation across regions and countries, bringing together all those interested in management and economics research.

The GAME conference further tends to advance knowledge in all aspects of management and economics by supporting education, dissemination, and research.

The primary purpose of the conference is to provide scientists with an encouraging and stimulating environment in which they may present the results of their research to the scientific community and the public. The GAME conference also aims to bring together leading academic scientists, researchers, and scholars to exchange and share their experiences and research results on all aspects of economics, business, and management. The GAME conference provides a premier interdisciplinary platform for researchers, practitioners, and educators to present and discuss the most recent innovations, trends, concerns, practical challenges encountered, and solutions adopted in the fields of business, management, and entrepreneurship.

The GAME Conference is dedicated to promoting the careful examination and dissemination of modern management techniques and business solutions in a contemporary business environment and to bridging the gap between research and practice in the fields of management and entrepreneurship. The GAME Conference invites full papers to be published and shared with academics and practitioners worldwide.

The conference will be held both physically and virtually – it is open to the public, but all participants are required to register in advance. The language of the conference is English.
