

21st ISBITM Venice Conference

3rd to 5th May 2017

Venezia, Italy

The conference aims to provide a forum for the exchange of ideas on the latest international business innovation developments in the field of management among researchers and practitioners in universities and industries, and to seek opportunities for collaboration among the participants. The conference is also expected to foster networking, collaboration and joint effort among the conference participants to advance the theory and practice as well as to identify major trends in business decision making model for responsible consumption and production. The ISBITM conferences have been very successful in attracting participations from all over the world. Currently, there are European BITM, African BITM and Asia Pacific BITM for our regional development.

The main theme is Responsible and Sustainable Consumption and Production.
