The 3rd International Conference on Mechanical, Aeronautical and Automotive Engineering (ICMAA 2019)

Chengdu, China February 23–25, 2019. MATEC – Ei and Scopus

ICMAA 2019, The 3rd International Conference on Mechanical, Aeronautical and Automotive Engineering, will take place in Chengdu, China, from February 23–25, 2019. This event is organized by Sichuan Institute of Electronics, with support from National Taiwan University, Taiwan, Singapore Institute of Electronics, The Multimedia University, Malaysia, and Tula State University, Russia etc. ICMAA 2019 is a not-to-be-missed opportunity that distills the most current knowledge on a rapidly advancing discipline in one conference. Join key researchers and established professionals in the field of Mechanical, Aeronautical and Automotive Engineering as they assess the current state-of-the-art and roadmap crucial areas for future research.

We aim to building an idea-trading platform for the purpose of encouraging researchers participating in this event. The papers to be presented at ICMAA 2019 address many grand challenges in modern engineering. The full papers to be presented will be peer-reviewed by expert reviewers including the whole organising committee members of ICMAA 2019. We will be thankful for the contributions to ICMAA 2019. We look forward to your participation and continued engagement at future ICMAA conferences.

The accepted papers will be published in MATEC Web of Conferences Proceedings (ISSN: 2261–236X), which is indexed by EI Compendex, Scopus, Inspec, DOAJ, and CPCI (Web of Science).
