

The 5th Symposium on Damage Mechanism in Materials and Structures (SDMMS 2021)
8th to 9th March 2021
Penang, Malaysia

The 5th Symposium on Damage Mechanism in Materials and Structures (SDMMS 2021) which will be held in AC Hotel at Marriott, Penang, Malaysia on 8 – 9 March 2021.

This symposium provides a venue for researchers and practitioners in damage mechanisms in materials and structures field from academia, industry and government to meet in a forum where the latest research results are presented and prospects for future developments are discussed. The symposium is organised by the Universiti Teknologi MARA (UiTM) Cawangan Pulau Pinang, Faculty of Civil Engineering and Universiti Kebangsaan Malaysia (UKM), Computational and Experimental Mechanics (CEM) Research Group.

CALL FOR CONTRIBUTIONS

Prospective authors are kindly encouraged to contribute to and help shape the symposium through submissions of their research abstracts and papers. Also, high-quality research contributions describing original and unpublished results of conceptual, constructive, empirical, experimental, or theoretical work in all areas of Civil and Mechanical Engineering are cordially invited for presentation at the symposium. The symposium solicits contributions of abstracts and papers that address themes and topics of the symposium, including figures, tables and references of novel research materials.
